The screenshot shows a web browser window with a grey header bar. On the left, there is a 'Home' button and navigation icons for 'Back', 'Bookmark', 'Go To', 'Aa', and a window icon. On the right, there is a search bar with the text 'Search' and a magnifying glass icon. The main content area is white and features a central illustration of an owl and a squirrel. The owl is on the left, looking towards the squirrel on the right. The squirrel is standing on its hind legs, holding a nut. Below the illustration, there is a paragraph of text and a poem. The text reads: 'But Nutkin, who had no respect, began to dance up and down, tickling old Mr. Brown with a *nettle* and singing—'. The poem follows: 'Old Mr. B! Riddle-me-ree!
Hitty Pitty within the wall,
Hitty Pitty without the wall;
If you touch Hitty Pitty,'. The browser window is flanked by dark grey vertical bars on both sides, and a white left-pointing arrow is visible on the left bar.
